Subject: RE: Tour of West Lake Landfill - attendees for R7

I think it would help to have OSC there for site familiarity. Drill rig not operating would possibly enable tour to cover more area safely and still see the rig for explanations of its operation.

Karl Brooks
Regional Administrator
EPA Region 7

Just as an FYI. I went through the drillers schedule and they will be off 1/22-26 and traveling back to the site 1/27. Our plan is not to have an OSC on-site while the drillers are off. Let me know if you want the scheduled OSC to accompany the team.

Planned R7 attendees: Mark Hague, Dan Gravatt, Jeff Field, OSC-Larson ???

Good Morning,

The tour time is 1:15 – 2:30 p.m.

Please confirm with me the names of the EPA team who will be attending the tour.

Also, please email me your bio's for the tour.

I will set-up a meeting for early next week with the team to go over tour logistics.

Thanks.

Do you want bio's for just those two or the whole EPA team who will be attending?

Do you have a bio for Mr. Hague and Dan Gravatt?

Hi Kerry,

Yes, the date and time will work for the EPA.

Unfortunately, EPA Region 7 Administrator Karl Brooks will not be able to attend the tour.

On Jan. 23, Karl has invited and is hosting six large utility companies from the Midwest, including two from Missouri: KCP&L and Associated Co-Op, at our regional office in Lenexa, Kansas. The discussion will center around the Clean Air Act rules and Climate Change. There is also a senior leader from EPA HQ's who will attend as well.

However, EPA Region 7 Deputy Administrator Mark Hague will attend, along with the senior project team for the West Lake Landfill site.

Yes, if need be, we can assist in contacting Republic.

Thanks.

Here is the proposed time for the tour on January 23, 2014.

1:15 – 2:30PM Tour and briefing of West Lake Landfill
 13570 St. Charles Rock Rd.
 Bridgeton, MO 63044
 Contact:
 Staff: Kerry DeGregorio (314) 368-6167

I am calling Mo DNR today and request a rep be on the tour. If I have a problem contacting Republic could EPA be of assistance?

Thank you for your assistance in this matter.
